Experimental investigation on CO₂ - light crude oil interfacial and swelling behavior

Mostafa Lashkarbolooki, Shahab Ayatollahi

PII: S1004-9541(17)30673-0
DOI: doi:[10.1016/j.cjche.2017.07.010](https://doi.org/10.1016/j.cjche.2017.07.010)
Reference: CJCHE 884

To appear in:

Received date: 1 June 2017
Accepted date: 3 July 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Chemical Engineering Thermodynamics

Experimental investigation on CO₂–light crude oil interfacial and swelling behavior
