

## Accepted Manuscript

Tuning sol size to optimize organosilica membranes for gas separation

Huating Song, Yibin Wei, Chenying Wang, Shuaifei Zhao, Hong Qi

PII: S1004-9541(17)30239-2  
DOI: doi:[10.1016/j.cjche.2017.04.010](https://doi.org/10.1016/j.cjche.2017.04.010)  
Reference: CJCHE 813

To appear in:

Received date: 24 February 2017  
Revised date: 5 April 2017  
Accepted date: 19 April 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Separation Science and Engineering
