This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

SCHEDULING AND ENERGY - CHALLENGES AND OPPORTUNITIES

Highlights:

- The differences between energy efficiency and demand-side management is clarified
- Major challenges of combining scheduling and energy management are shown
- Different approaches for energy-aware scheduling are shown and compared
- Real world use cases of different industries are presented
