Transition between kinetic and diffusion control during the initial stages of electrochemical growth using numerical modelling†

Mesfin Haile Mamme, Johan Deconinck, Jon Ustarroz

PII: S0013-4686(17)32473-8

DOI: [10.1016/j.electacta.2017.11.111](https://doi.org/10.1016/j.electacta.2017.11.111)

Reference: EA 30701

To appear in: *Electrochimica Acta*

Received Date: 22 May 2017

Revised Date: 26 September 2017

Accepted Date: 15 November 2017

Please cite this article as: M.H. Mamme, J. Deconinck, J. Ustarroz, Transition between kinetic and diffusion control during the initial stages of electrochemical growth using numerical modelling†, *Electrochimica Acta* (2017), doi: 10.1016/j.electacta.2017.11.111.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Initial stages of electrochemical growth using numerical modelling:
size and concentration dependent transitions from kinetic to diffusion limited growth
