Title: Insights into the endurance promotion of PtSn/CNT catalysts by thermal annealing for ethanol electro-oxidation

Author: Huanqiao Song Mingsheng Luo Xinping Qiu
Guozhong Cao

PII: S0013-4686(16)31558-4
DOI: <http://dx.doi.org/doi:10.1016/j.electacta.2016.07.053>
Reference: EA 27668

To appear in: *Electrochimica Acta*

Received date: 28-3-2016
Revised date: 24-6-2016
Accepted date: 11-7-2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Insights into the endurance promotion of PtSn/CNT catalysts by thermal annealing for ethanol electro-oxidation
