Study on oxygen gas holdup and kinetics using various types of paddles during marmatite leaching process

Lei Tian, Zhifeng Xu, Lijie Chen, Yan Liu, Ting-an Zhang

PII: S0304-386X(17)31050-2
DOI: doi:[10.1016/j.hydromet.2018.06.011](https://doi.org/10.1016/j.hydromet.2018.06.011)
Reference: HYDROM 4846
To appear in: *Hydrometallurgy*
Received date: 27 December 2017
Revised date: 18 April 2018
Accepted date: 18 June 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Study on Oxygen Gas Holdup and Kinetics Using Various Types of Paddles during Marmatite Leaching Process
