

## Accepted Manuscript

Enhanced chalcopyrite dissolution in stirred tank reactors by temperature increase during bioleaching

Sabrina Hedrich, Catherine Jouliau, Torsten Graupner, Axel Schippers, Anne-Gwenaëlle Guézennec

PII: S0304-386X(18)30193-2  
DOI: doi:[10.1016/j.hydromet.2018.05.018](https://doi.org/10.1016/j.hydromet.2018.05.018)  
Reference: HYDROM 4824  
To appear in: *Hydrometallurgy*  
Received date: 1 March 2018  
Revised date: 9 May 2018  
Accepted date: 19 May 2018

The address for the corresponding author was captured as affiliation for all authors. Please check if appropriate. Hydrom(2017), doi:[10.1016/j.hydromet.2018.05.018](https://doi.org/10.1016/j.hydromet.2018.05.018)

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
