Kinetics of chalcocite leaching in oxygenated alkaline glycine solutions

B.C. Tanda, J.J. Eksteen, E.A. Oraby

PII: S0304-386X(17)30838-1
DOI: doi:[10.1016/j.hydromet.2018.05.005](https://doi.org/10.1016/j.hydromet.2018.05.005)
Reference: HYDROM 4811
To appear in: *Hydrometallurgy*
Received date: 9 October 2017
Revised date: 12 April 2018
Accepted date: 3 May 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Kinetics of Chalcocite Leaching in Oxygenated Alkaline Glycine

Solutions

B.C Tanda¹, J.J. Eksteen^{1*}, E.A. Oraby^{1,2}
