Voltammetric determination of meclizine antihistamine drug utilizing graphite screen-printed electrodes in physiological medium

Ahmed A. Khorshed, Mohamed Khairy, Craig E. Banks

PII: S1572-6657(18)30495-8
DOI: doi:[10.1016/j.jelechem.2018.07.029](https://doi.org/10.1016/j.jelechem.2018.07.029)
Reference: JEAC 4179

To appear in: *Journal of Electroanalytical Chemistry*

Received date: 25 April 2018

Revised date: 28 June 2018

Accepted date: 18 July 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Voltammetric determination of meclizine antihistamine
drug utilizing graphite screen-printed electrodes in
physiological medium**
