

## Accepted Manuscript

Title: Fractional and step-wise recovery of chemical species from acid mine drainage using calcined cryptocrystalline magnesite nano-sheets: An experimental and geochemical modelling approach

Authors: Vhahangwele Masindi, John G. Ndiritu, Johannes P. Maree

PII: S2213-3437(18)30077-0  
DOI: <https://doi.org/10.1016/j.jece.2018.02.005>  
Reference: JECE 2197

To appear in:

Received date: 7-11-2017  
Revised date: 11-1-2018  
Accepted date: 6-2-2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
