

Accepted Manuscript

Dielectric properties of kiwifruit associated with a combined radio frequency vacuum and osmotic drying

Xu Zhou, Rui Li, James G. Lyng, Shaojin Wang

PII: S0260-8774(18)30287-5
DOI: 10.1016/j.jfoodeng.2018.07.006
Reference: JFOE 9320
To appear in: *Journal of Food Engineering*
Received Date: 04 September 2017
Accepted Date: 03 July 2018

Please cite this article as: Xu Zhou, Rui Li, James G. Lyng, Shaojin Wang, Dielectric properties of kiwifruit associated with a combined radio frequency vacuum and osmotic drying, *Journal of Food Engineering* (2018), doi: 10.1016/j.jfoodeng.2018.07.006

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

1 *For submission to Journal of Food Engineering*
