Original article

A study on synthesis and antimicrobial activity of 4-acyl-pyrazoles

Adnan Çetin, İshak Bildirici

PII: S1319-6103(16)30054-0

DOI: <http://dx.doi.org/10.1016/j.jscs.2016.05.008>

Reference: JSCS 827

To appear in: *Journal of Saudi Chemical Society*

Received Date: 21 April 2016

Revised Date: 23 May 2016

Accepted Date: 31 May 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**A study on synthesis and antimicrobial activity
of 4-acyl-pyrazoles**
