Title: Catalytic supercritical water destructive oxidation of tributyl phosphate: Study on the effect of operational parameters

Authors: Morteza Golmohammadi, Seyed Javad Ahmadi, Jafar Towfighi

PII: S0896-8446(18)30108-6
DOI: <https://doi.org/10.1016/j.supflu.2018.05.022>
Reference: SUPFLU 4285

To appear in: *J. of Supercritical Fluids*

Received date: 2-3-2018
Revised date: 20-5-2018
Accepted date: 24-5-2018

Please cite this article as: Golmohammadi M, Ahmadi SJ, Towfighi J, Catalytic supercritical water destructive oxidation of tributyl phosphate: Study on the effect of operational parameters, *The Journal of Supercritical Fluids* (2018), <https://doi.org/10.1016/j.supflu.2018.05.022>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Catalytic Supercritical Water Destructive Oxidation of Tributyl Phosphate: Study on the effect of operational parameters
