

Accepted Manuscript

Title: Enzymatic reactions in subcritical and supercritical fluids

Author: Željko Knez

PII: S0896-8446(17)30699-X
DOI: <https://doi.org/10.1016/j.supflu.2017.11.023>
Reference: SUPFLU 4113

To appear in: *J. of Supercritical Fluids*

Received date: 2-10-2017
Revised date: 23-11-2017
Accepted date: 23-11-2017

Please cite this article as: Željko Knez, Enzymatic reactions in subcritical and supercritical fluids, The Journal of Supercritical Fluids <https://doi.org/10.1016/j.supflu.2017.11.023>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Enzymatic reactions in subcritical and supercritical fluids

Željko Knez

Highlights

- Recent developments of the past three decades on enzyme catalysed processes.
- Gaps on the application biocatalysts in dense fluids.
- Challenges for industrial application of biocatalysed reaction in dense fluid are presented.
