Effective removal of Pb^{2+} from aqueous solutions by magnetically modified zeolite

Mingliang Yuan, Tangfeng Xie, Guanjie Yan, Qichao Chen, Long Wang

PII: S0032-5910(18)30236-5
DOI: doi:[10.1016/j.powtec.2018.03.043](https://doi.org/10.1016/j.powtec.2018.03.043)
Reference: PTEC 13274
To appear in: *Powder Technology*
Received date: 25 October 2017
Revised date: 8 March 2018
Accepted date: 18 March 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Effective removal of Pb²⁺ from aqueous solutions by magnetically
modified zeolite**
