Drag distributions of non-uniform buildings from surface pressure measurements in wind tunnel

Li Biao, Wang Lu, Liu Yun, Liu Jing

PII: S0360-1323(18)30440-2

DOI: [10.1016/j.buildenv.2018.07.032](https://doi.org/10.1016/j.buildenv.2018.07.032)

Reference: BAE 5592

To appear in: *Building and Environment*

Received Date: 10 March 2018

Revised Date: 20 July 2018

Accepted Date: 20 July 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
