Barriers to climate change adaptation in the Australian construction industry –  
Impetus for regulatory reform

Anna C. Hurlimann, Geoffrey R. Browne, Georgia Warren-Myers, Valerie Francis

PII: S0360-1323(18)30219-1

DOI: [10.1016/j.buildenv.2018.04.015](https://doi.org/10.1016/j.buildenv.2018.04.015)

Reference: BAE 5411

To appear in: *Building and Environment*

Received Date: 28 February 2018

Revised Date: 10 April 2018

Accepted Date: 10 April 2018

Please cite this article as: Hurlimann AC, Browne GR, Warren-Myers G, Francis V, Barriers to climate change adaptation in the Australian construction industry – Impetus for regulatory reform, *Building and Environment* (2018), doi: 10.1016/j.buildenv.2018.04.015.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
