Contributions of indoor and outdoor sources to airborne polycyclic aromatic hydrocarbons indoors

Shanshan Shi

PII: S0360-1323(18)30001-5

DOI: [10.1016/j.buildenv.2018.01.001](https://doi.org/10.1016/j.buildenv.2018.01.001)

Reference: BAE 5237

To appear in: *Building and Environment*

Received Date: 15 October 2017

Revised Date: 13 December 2017

Accepted Date: 1 January 2018

Please cite this article as: Shi S, Contributions of indoor and outdoor sources to airborne polycyclic aromatic hydrocarbons indoors, *Building and Environment* (2018), doi: 10.1016/j.buildenv.2018.01.001.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

## **Contributions of Indoor and Outdoor Sources to Airborne Polycyclic Aromatic Hydrocarbons Indoors**
