Low-velocity impact response and post-impact flexural behaviour of composite sandwich structures with corrugated cores

Wentao He, Jingxi Liu, Shuqing Wang, De Xie

PII: S0263-8223(17)33797-2

DOI: <https://doi.org/10.1016/j.compstruct.2018.01.024>

Reference: COST 9264

To appear in: *Composite Structures*

Received Date: 14 November 2017

Revised Date: 26 December 2017

Accepted Date: 9 January 2018

Please cite this article as: He, W., Liu, J., Wang, S., Xie, D., Low-velocity impact response and post-impact flexural behaviour of composite sandwich structures with corrugated cores, *Composite Structures* (2018), doi: <https://doi.org/10.1016/j.compstruct.2018.01.024>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Low-velocity impact response and post-impact flexural behaviour of
composite sandwich structures with corrugated cores**
