Title: Non-isothermal crystallization analysis of isotactic polypropylene filled with titanium dioxide particles modified by a dicarboxylic acid

Author: J.A. Gonzalez-Calderon Javier Vallejo-Montesinos
A. Almendarez-Camarillo R. Montiel Elías Pérez

PII: S0040-6031(16)30029-6
DOI: <http://dx.doi.org/doi:10.1016/j.tca.2016.03.007>
Reference: TCA 77454

To appear in: *Thermochimica Acta*

Received date: 21-1-2016
Revised date: 8-3-2016
Accepted date: 9-3-2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Non-isothermal crystallization analysis of isotactic polypropylene filled with titanium dioxide particles modified by a dicarboxylic acid
