This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Title: A BIM based tool for assessing embodied energy for buildings

Raja Shahmir Nizam

First Author and Corresponding Author

Ph.D. student, Department of Civil Engineering

Xian Jiaotong-Liverpool University

Raja.shahmir@xjtlu.edu.cn

+86-15862345523

Cheng Zhang

Second Author

Associate Professor (Ph.D.)

Department of Civil Engineering

Xian Jiaotong-Liverpool University

Cheng.Zhang@xjtlu.edu.cn

Lu Tian

Third Author

Bachelor in Civil Engineering

Xian Jiaotong-Liverpool University

Lu.tian13@student.xjtlu.edu.cn
