

Accepted Manuscript

Title: Field test and Simulation Evaluation of Variable Refrigerant Flow Systems Performance

Authors: Je Hyeon Lee, Pil Jae Im, Young-hak Song

PII: S0378-7788(17)31941-2
DOI: <https://doi.org/10.1016/j.enbuild.2017.10.077>
Reference: ENB 8097

To appear in: *ENB*

Received date: 4-6-2017
Revised date: 12-9-2017
Accepted date: 22-10-2017

Please cite this article as: Je Hyeon Lee, Pil Jae Im, Young-hak Song, Field test and Simulation Evaluation of Variable Refrigerant Flow Systems Performance, Energy and Buildings <https://doi.org/10.1016/j.enbuild.2017.10.077>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Field test and Simulation Evaluation of Variable Refrigerant Flow Systems Performance

Je Hyeon Lee

Department of Digital Appliances R&D Team, Samsung Electronics

129, Samsung-ro, Yeongtong-gu, Suwon-si

Gyeonggi-do 443-742, South Korea

Pil Jae Im

R&D staffs in Building Technologies Research and Integration Center (BTRIC), Oak Ridge National Laboratory,

One Bethel Valley Road, Oak Ridge, TN. 37831

Young-hak Song*

Department of Architectural Engineering, ERI, Gyeongsang National University

Gyeongsang National University, Jinju daero 501, Jinju city, South Korea, 660-701
