

## Accepted Manuscript

Characterization of Mortar Fracture based on Three Point Bending Test and XFEM

Yucheng Huang, Yanhua Guan, Linbing Wang, Jian Zhou, Zhi Ge, Yue Hou

PII: S1996-6814(17)30031-7  
DOI: <http://dx.doi.org/10.1016/j.ijprt.2017.09.005>  
Reference: IJPRT 121

To appear in: *International Journal of Pavement Research and Technology*

Received Date: 1 March 2017  
Revised Date: 28 August 2017  
Accepted Date: 2 September 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Characterization of Mortar Fracture based on Three Point Bending Test and XFEM**
