Wind power characteristics of Oahu, Hawaii

D. Argüeso, S. Businger

PII: S0960-1481(18)30601-3

DOI: [10.1016/j.renene.2018.05.080](https://doi.org/10.1016/j.renene.2018.05.080)

Reference: RENE 10132

To appear in: *Renewable Energy*

Received Date: 6 April 2017

Revised Date: 27 March 2018

Accepted Date: 21 May 2018

Please cite this article as: Argüeso D, Businger S, Wind power characteristics of Oahu, Hawaii, *Renewable Energy* (2018), doi: 10.1016/j.renene.2018.05.080.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Wind power characteristics of Oahu, Hawaii
