Analyzing the performance of clean development mechanism for electric power systems under uncertain environment

S.W. Jin, Y.P. Li, G.H. Huang, S. Nie

PII: S0960-1481(18)30210-6
DOI: 10.1016/j.renene.2018.02.066
Reference: RENE 9797
To appear in: *Renewable Energy*
Received Date: 25 August 2016
Revised Date: 23 June 2017
Accepted Date: 13 February 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
