This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Submission of manuscript to Renewable Energy

SHADECO: a low-cost shadow-ring for diffuse measures:

State of the art, principles, design and application

Bruno MALET-DAMOUR, Stéphane GUICHARD, Aurélien P. JEAN, Frédéric MIRANVILLE and Harry
BOYER
