

## Accepted Manuscript

Title: Exergy-based approaches for performance evaluation of building energy systems

Author: Roozbeh Sangi Dirk Müller

PII: S2210-6707(16)30055-5

DOI: <http://dx.doi.org/doi:10.1016/j.scs.2016.04.002>

Reference: SCS 399

To appear in:

Received date: 24-1-2016

Revised date: 31-3-2016

Accepted date: 1-4-2016

Please cite this article as: Sangi, Roozbeh., & Müller, Dirk., Exergy-based approaches for performance evaluation of building energy systems. *Sustainable Cities and Society* <http://dx.doi.org/10.1016/j.scs.2016.04.002>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

# **Exergy-based approaches for performance evaluation of building energy systems**
