Editorial

Supplemental material

Accepted January 3, 2018

Drs. Nigg, Gustafsson, Karalunas, Ryabinin, McWeeney, Fair, and Wilmot and Mr. Mooney are with Oregon Health and Science University, Portland. Dr. Faraone is with State University of New York Upstate Medical University, Syracuse.

This project was supported by R01-MH099064 and R01-MH5104.

Dr. Wilmot served as the statistical expert for this research.

The authors thank Benjamin Neal, PhD, of Harvard Medical School (HMS), the Broad Institute, and the Analytic and Translational Genetics Unit at Massachusetts General Hospital (MGH), for consultation on the statistical analysis.

Disclosure: Dr. Nigg has received royalties from Guilford Press for *What Causes ADHD* (2007) and *Getting Ahead of ADHD* (2017). Dr. Faraone has received grant or research support from the K.G. Jebsen Centre for Research on Neuropsychiatric Disorders, the University of Bergen, Bergen, Norway, the European Union's Seventh Framework Programme for research, technological development, and demonstration, the European Union's Horizon 2020 research and innovation programme, and the National Institute of Mental Health. He has received income, potential income, travel expenses, continuing education support, research support from, and/or has served on the advisory boards of/as a consultant to Lundbeck, Rhodes, Arbor, KenPharm, Ironshore, Neurovance, Impact, Takeda, Shire, Akili Interactive Labs, CogCubed, Alcobra, VAYA Pharma, Sunovion, Genomind, and NeuroLifeSciences. In previous years, he has received income or research support from Shire, Neurovance, Alcobra, Otsuka, McNeil, Janssen, Novartis, Pfizer, and Eli Lilly and Co. He has served as editor of the *American Journal of Medical Genetics Part B: Neuropsychiatric Genetics*. His institution (SUNY) has US patent US20130217707 A1 for the use of sodium-hydrogen exchange inhibitors in the treatment of
