

Accepted Manuscript

Microbial community succession mechanism coupling with adaptive evolution of adsorption performance in chalcopyrite bioleaching

Shoushuai Feng, Hailin Yang, Wu Wang

PII: S0960-8524(15)00656-2
DOI: <http://dx.doi.org/10.1016/j.biortech.2015.04.122>
Reference: BITE 14963

To appear in: *Bioresource Technology*

Received Date: 30 March 2015
Revised Date: 26 April 2015
Accepted Date: 27 April 2015

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Microbial community succession mechanism coupling with adaptive evolution of adsorption performance in chalcopyrite bioleaching
