This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Trajectories of Sensation Seeking Among Puerto-Rican Children and Youth

RH = Sensation-Seeking Trajectories

Silvia S. Martins, MD, PhD, Melanie M. Wall, PhD, Ruth Eisenberg, MS, Carlos Blanco, MD, PhD, Julian Santaella, DVM, MS, Maria Ramos-Olazagasti, PhD, Glorisa Canino PhD, Hector R. Bird, MD, Qiana Brown, PhD, Cristiane S. Duarte, PhD, MPH

Accepted September 28, 2015

Drs. Martins, Santaella, and Brown are with Columbia University, Mailman School of Public Health, New York. Drs. Wall, Blanco, Ramos-Olazagasti, Bird, Duarte, and Ms. Eisenberg are with Columbia University and New York State Psychiatric Institute, New York. Dr. Canino is with Behavioral Sciences Research Institute, University of Puerto Rico School of Medicine, San Juan.

The Boricua Youth Study has been supported by the National Institutes of Health grants MH56401 (Bird); DA033172 (Duarte); AA020191 (Duarte); MH098374 (Alegria, Canino, Duarte); and HD060072 (Martins, Duarte, Canino). Dr. Brown is supported by T32DA031099 (Hasin).

Dr. Wall served as the statistical expert for this research.

The authors acknowledge the contribution of all of the dedicated staff who participated in this study.

Disclosure: Dr. Martins has served as a consultant for Purdue Pharma to conduct secondary data analysis of data on alcohol and prescription opioid use, which is unrelated to data reported in this manuscript. Drs. Wall, Blanco, Santaella, Ramos-Olazagasti, Canino, Bird, Brown, Duarte, and Ms. Eisenberg report no biomedical financial interests or potential conflicts of interest.
