Sex/Gender Differences and Autism: Setting the Scene for Future Research

Meng-Chuan Lai, MD, PhD Michael V. Lombardo, PhD Bonnie Auyeung, PhD
Bhismadev Chakrabarti, PhD Simon Baron-Cohen, PhD

PII: S0890-8567(14)00725-4

DOI: [10.1016/j.jaac.2014.10.003](https://doi.org/10.1016/j.jaac.2014.10.003)

Reference: JAAC 1104

To appear in: *Journal of the American Academy of Child & Adolescent Psychiatry*

Received Date: 10 June 2014

Revised Date: 10 October 2014

Accepted Date: 13 October 2014

Please cite this article as: Lai M-C, Lombardo MV, Auyeung B, Chakrabarti B, Baron-Cohen S, Sex/Gender Differences and Autism: Setting the Scene for Future Research, *Journal of the American Academy of Child & Adolescent Psychiatry* (2014), doi: 10.1016/j.jaac.2014.10.003.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Sex/Gender Differences and Autism: Setting the Scene for Future Research

RH = Sex/Gender and Autism Research Framework

Meng-Chuan Lai, MD, PhD; Michael V. Lombardo, PhD; Bonnie Auyeung, PhD; Bhismadev Chakrabarti, PhD; Simon Baron-Cohen, PhD

Accepted October 13, 2014

Dr. Lai is with National Taiwan University Hospital and College of Medicine, Taipei, Taiwan and the Autism Research Centre, University of Cambridge, Cambridge, UK. Dr. Lombardo is with the Center for Applied Neuroscience, University of Cyprus, Nicosia, Cyprus and the Autism Research Centre, University of Cambridge. Dr. Auyeung is with University of Edinburgh and the Autism Research Centre, University of Cambridge, UK. Dr. Chakrabarti is with the Centre for Integrative Neuroscience and Neurodynamics, School of Psychology and Clinical Language Sciences, University of Reading, Reading, UK and the Autism Research Centre, University of Cambridge, UK. Dr. Baron-Cohen is with the Cambridge Lifespan Asperger Syndrome Service (CLASS) Clinic, Cambridgeshire, Peterborough National Health Service Foundation Trust, Cambridge, and the Autism Research Centre, University of Cambridge, UK.

The authors wish to thank Donna Werling, PhD, of the University of California, Los Angeles; Angelica Ronald, PhD, of Birkbeck, University of London; William Mandy, DCLinPsy, of University College London; and Francesca Happé, PhD, of the Institute of Psychiatry, Psychology and Neuroscience, King's College London, for helpful discussions. The authors also wish to thank the anonymous reviewers for insightful suggestions, especially regarding the conceptualization of broad constructs, narrow constructs, and behavioral exemplars in Level 1 discussion.

Disclosure: Dr. Lai has received grant or research support from the William Binks Autism Neuroscience Fellowship, the European Autism Interventions - A Multicentre Study for Developing New Medications (EU-AIMS), and Wolfson College, Cambridge University. Dr. Lombardo has received grant or research support from the British Academy, the Wellcome Trust, and Jesus College, Cambridge University. Dr. Auyeung has received grant or research support from the Wellcome Trust. Dr. Chakrabarti has received grant or research support from the UK Medical Research Council. Dr. Baron-Cohen has received grant or research support from the Wellcome Trust, the EU-AIMS, the UK Medical Research Council, and the Autism Research Trust.
