Accepted Manuscript

Prediction of Sugar yields during hydrolysis of lignocellulosic biomass using artificial neural network modeling

Sankar Vani, Rajeev Kumar Sukumaran, Sivaraman Savithri

PII: S0960-8524(15)00103-0
DOI: http://dx.doi.org/10.1016/j.biortech.2015.01.083
Reference: BITE 14515

To appear in: *Bioresource Technology*

Received Date: 30 November 2014
Revised Date: 16 January 2015
Accepted Date: 18 January 2015

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
