This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Callous-Unemotional Traits, Proactive Aggression, and Treatment Outcomes of Aggressive Children with Attention-Deficit/Hyperactivity Disorder

RH: CU, Proactive Aggression, and Tx

Joseph C. Blader, Ph.D., Steven R. Pliszka, M.D., Vivian Kafantaris, M.D., Carmel A. Foley, M.D., Judith A. Crowell, M.D., Gabrielle A. Carlson, M.D., Colin Sauder, M.S., David M. Margulies, M.D., Christa Sinha, M.S.N., N.P., Jeffrey Sverd, M.D., Thomas L. Matthews, M.D., Brigitte Y. Bailey, M.D., W. Burleson Daviss, M.D.

Supplemental material cited in this article is available online.

Accepted September 20, 2013.

Drs. Blader, Pliszka, Bailey, and Matthews are with the University of Texas Health Science Center (HSC) at San Antonio. Drs. Crowell, Carlson, Margulies, and Sverd, Mr. Sauder, and Mrs. Sinha are with Stony Brook University, State University of New York. Drs. Blader, Kafantaris, and Foley are with the North Shore–Long Island Jewish (LIJ) Health System. Dr. Daviss is with the Geisel School of Medicine at Dartmouth.

This work was supported by grants to Dr. Blader from the National Institute of Mental Health (K23MH064975 and R01MH080050), the National Alliance for Research on Schizophrenia and Depression (NARSAD; now Brain and Behavior Research Foundation), Abbott Laboratories (investigator-initiated research), and by grants from the National Center for Research Resources to Stony Brook University (MO1RR10710) and to the Feinstein Institute for Medical Research of North Shore–LIJ Health System (M01RR018535).

Dr. Blader served as the statistical expert for this research.
