

Invisible Allies: Thanking Our Reviewers

Reviewing manuscripts is hard work. We wish to express our heartfelt appreciation to the 508 hard workers listed below, who so diligently served their *Journal* from July 1, 2012 to June 30, 2013. Our additional gratitude to our 6 colleagues (marked with an asterisk) who served as ad hoc action editors and helped ensure that all manuscripts, our own included, were treated under the same editorial standards.
