This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

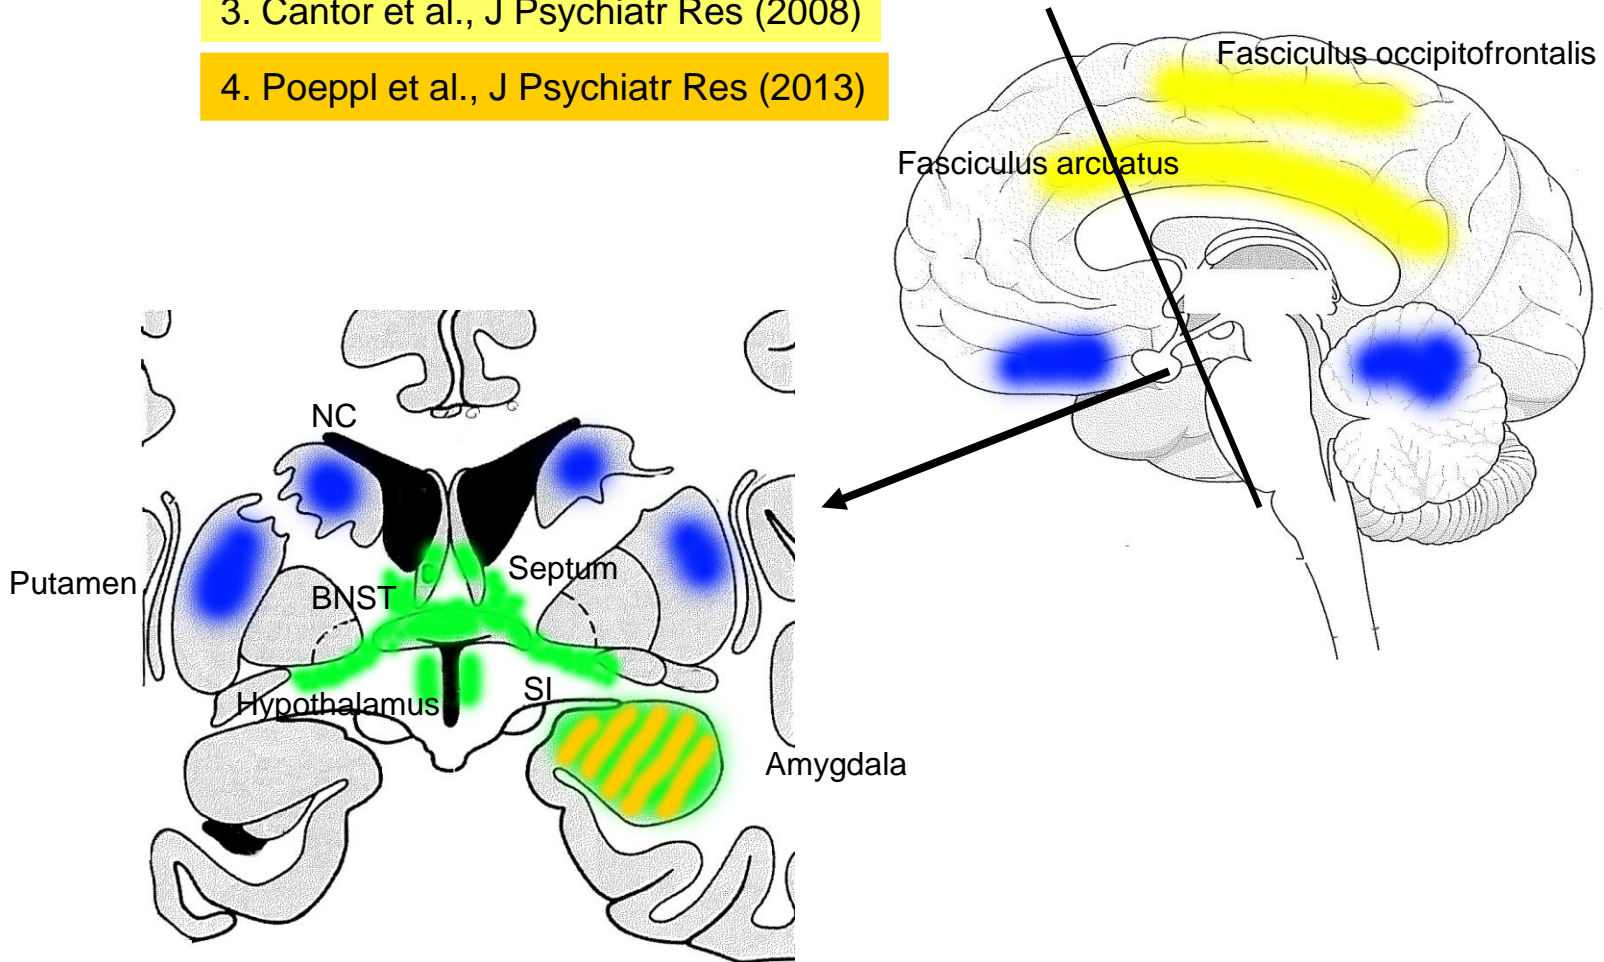

Differences in brain structure between pedophiles and teleiophiles according to:

1. Schiltz et al., Arch Gen Psychiatry (2007)

2. Schiffer et al., J Psychiatr Res (2007)

3. Cantor et al., J Psychiatr Res (2008)

4. Poepl et al., J Psychiatr Res (2013)
