Acknowledgments: The authors wish to acknowledge Dr. Masha Ranji for her advice about redox imaging and comments on an earlier version of this manuscript, Dr. Gregory Brewer for his comments on an earlier version of this manuscript, Xuan Bi from the Illinois Statistics Consulting Office for his statistical advice and assistance and Jiarong “Jerry” Fu for his assistance with Matlab coding. The authors thank Drs. Don Caspary and Jeremy Turner for useful discussions regarding this work. This work was supported by DC012125 as well as the American Federation of Aging Research and the Alzheimer’s Association.
