Accepted Manuscript

Unstable repeat expansions in neurodegenerative diseases: nucleocytoplasmic transport emerges on the scene

Joana R. Loureiro, Claudia L. Oliveira, Isabel Silveira

PII: S0197-4580(15)00611-9

DOI: 10.1016/j.neurobiolaging.2015.12.007

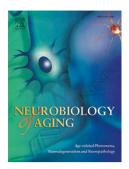

Reference: NBA 9477

To appear in: Neurobiology of Aging

Received Date: 19 October 2015
Revised Date: 7 December 2015
Accepted Date: 15 December 2015

Please cite this article as: Loureiro, J.R., Oliveira, C.L., Silveira, I., Unstable repeat expansions in neurodegenerative diseases: nucleocytoplasmic transport emerges on the scene, *Neurobiology of Aging* (2016), doi: 10.1016/j.neurobiologing.2015.12.007.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
