Low-copper diet as a preventive strategy for Alzheimer's disease

Rosanna Squitti , Mariacristina Siotto , Renato Polimanti

PII: S0197-4580(14)00359-5

DOI: [10.1016/j.neurobiolaging.2014.02.031](https://doi.org/10.1016/j.neurobiolaging.2014.02.031)

Reference: NBA 8886

To appear in: *Neurobiology of Aging*

Received Date: 4 November 2013

Revised Date: 27 February 2014

Accepted Date: 27 February 2014

Please cite this article as: Squitti, R., Siotto, M., Polimanti, R., Low-copper diet as a preventive strategy for Alzheimer's disease, *Neurobiology of Aging* (2014), doi: 10.1016/j.neurobiolaging.2014.02.031.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Low-copper diet as a preventive strategy for Alzheimer's disease
