To appear in: *The Arts in Psychotherapy*

Received date: 4-11-2014

Accepted date: 14-12-2014

Please cite this article as: Regev, D., and Snir, S., Objectives, Interventions and Challenges in Parent-child art psychotherapy, *The Arts in Psychotherapy* (2014), <http://dx.doi.org/10.1016/j.aip.2014.12.007>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Research Highlights

- Investigates parent-child art therapists' perceptions about their practical work.
- Suggests the main objectives in this model.
- Interventions related to each objective are discussed.
