Nurses' experiences of managing patient deterioration following a post-registration education programme: A critical incident analysis study

Clare Butler

PII: S1471-5953(17)30708-4

DOI: [10.1016/j.nepr.2017.10.014](https://doi.org/10.1016/j.nepr.2017.10.014)

Reference: YNEPR 2307

To appear in: *Nurse Education in Practice*

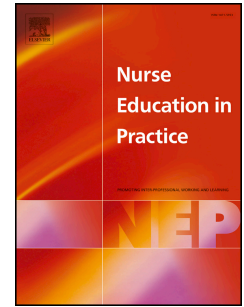

Received Date: 3 March 2016

Revised Date: 2 May 2017

Accepted Date: 12 October 2017

Please cite this article as: Butler, C., Nurses' experiences of managing patient deterioration following a post-registration education programme: A critical incident analysis study, *Nurse Education in Practice* (2017), doi: 10.1016/j.nepr.2017.10.014.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Title:**

NURSES' EXPERIENCES OF MANAGING PATIENT DETERIORATION  
FOLLOWING A POST-REGISTRATION EDUCATION PROGRAMME: A CRITICAL  
INCIDENT ANALYSIS STUDY

**Word Count:**

5047 words excluding abstract, highlights, keywords and reference list.

**Author:**

Clare Butler  
Senior Lecturer  
Faculty of Health and Life Sciences  
Oxford Brookes University  
Jack Straws Lane  
Oxford  
OX3 0FL  
United Kingdom  
Phone: +44 (0) 1865 488114  
[c.butler@brookes.ac.uk](mailto:c.butler@brookes.ac.uk)

**Acknowledgments:**

The author would like to thank Sue Atkins, Senior Lecturer for her supervision during this study and the study participants who gave up their time to share their experiences, without them this would not have been possible.

**Ethical approval statement:**

I can confirm that the study obtained ethics approval through Oxford Brookes University Faculty of Health and Life Sciences Research Ethics Committee, reference: 2012/39. Participants gave informed consent before taking part.
