ACKNOWLEDGEMENTS

The authors would like to thank all of the nurses who took the time to complete this questionnaire and make this study possible. We would also like to thank the institutions and facilitators for providing us with the opportunity to conduct this research.

CONTRIBUTIONS

We confirm that all authors (RB, DE) contributed to the conception and design of this study. RB collected the data, and RB and DE conducted the data analysis and interpretation. RB drafted the manuscript and DE revised and reviewed critically for content. All authors approved the final submitted version.

FUNDING SOURCE

This research did not receive any specific grant from funding agencies in the public, commercial, or not-for-profit sectors.

KEYWORDS

Nursing; competence; confidence; critical care; postgraduate; education; self-report; quasi-experimental.
