This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

ACCEPTED MANUSCRIPT

Highlights

- Review of applications of algorithms in bio-inspired computing
- Brief description of algorithms without mathematical notations
- Brief description of scope of applications of the algorithms
- Identification of algorithms whose applications may be explored
- Identification of algorithms on which theory development may be explored
