Privacy-Preserving Data Aggregation in Resource-Constrained Sensor Nodes in Internet of Things: A Review

Inayat Ali, Eraj Khan, Sonia Sabir

PII: S2314-7288(17)30059-4

DOI: [10.1016/j.fcij.2017.11.004](https://doi.org/10.1016/j.fcij.2017.11.004)

Reference: FCIJ 31

To appear in: *Future Computing and Informatics Journal*

Received Date: 17 October 2017

Accepted Date: 21 November 2017

Please cite this article as: Ali I, Khan E, Sabir S, Privacy-Preserving Data Aggregation in Resource-Constrained Sensor Nodes in Internet of Things: A Review, *Future Computing and Informatics Journal* (2018), doi: 10.1016/j.fcij.2017.11.004.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

# Privacy-Preserving Data Aggregation in Resource Constrained Sensor Nodes in Internet of Things: A Review

Inayat Ali, Eraj Khan, Sonia Sabir

COMSATS Institute of Information Technology, Abbottabad, 22060, Pakistan

## Acknowledgment

This work is a part of our project "Privacy preserving data aggregation techniques in e-health care system" that is funded by my host institution as a part of master degree thesis.

## Biographies

**Inayat Ali** received his Bachelor degree in Telecommunication and Computer Network from COMSATS Institute of Information Technology Abbottabad, Pakistan in March 2015. He is currently the student of Master in Computer Science in COMSATS Institute of Information Technology Abbottabad, Pakistan.

His research interest include Internet of Things, Security, Software Defined Networking, Communication protocols engineering and Mobile Ad hoc Networks.

**Correspondent Author:** [falcon19khan@gmail.com](mailto:falcon19khan@gmail.com)

**Phone:** +821033951943

Eraj Khan received his PhD degree from Lancaster University UK. He is currently Assistant Professor with the department of Computer Science COMSATS Institute of Information Technology Abbottabad, Pakistan. His research interest include Information Security and Cryptography. Dr Eraj Khan has many publication in communication security and cryptography in highly reputed international journals and conferences.

Sonia Sabir received her Bachelor degree from COMSATS Institute of Information Technology Abbottabad, Pakistan in 2015. She is currently the student of Master in Computer Science in COMSATS Institute of Information Technology Abbottabad, Pakistan.

Ms. Sonia is a graduate researcher in COMSATS Institute of IT, Pakistan.

Her research interest include Internet of Things, Security, Communication protocols engineering and mathematical modeling of communication protocols.
