Evaluation of the computational capabilities of a memristive random network (MN3) under the context of reservoir computing

Laura E. Suarez, Jack D. Kendall, Juan C. Nino

PII: S0893-6080(18)30202-8
DOI: <https://doi.org/10.1016/j.neunet.2018.07.003>
Reference: NN 3986

To appear in: *Neural Networks*

Received date : 3 January 2018
Revised date : 17 May 2018
Accepted date : 10 July 2018

Please cite this article as: Suarez, L.E., Kendall, J.D., Nino, J.C., Evaluation of the computational capabilities of a memristive random network (MN3) under the context of reservoir computing. *Neural Networks* (2018), <https://doi.org/10.1016/j.neunet.2018.07.003>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Evaluation of the Computational Capabilities of a Memristive Random Network (MN3) under the context of Reservoir Computing
