Visualizing large knowledge graphs: A performance analysis

Juan Gómez-Romero, Miguel Molina-Solana, Axel Oehmichen, Yike Guo

PII: S0167-739X(17)32361-0
DOI: <https://doi.org/10.1016/j.future.2018.06.015>
Reference: FUTURE 4277

To appear in: *Future Generation Computer Systems*

Received date : 15 October 2017
Revised date : 4 June 2018
Accepted date : 10 June 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
