This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Biographies

Wei Zhou

Born in 1987

Ph.D. candidate

School of Computer Science and Technology, Wuhan National Laboratory for Optoelectronics, Huazhong University of Science and Technology

mmb1007@126.com

Main research interests include big data storage and distributed file system

Dan Feng

Ph.D., Professor, "973" project chief scientist

School of Computer Science and Technology, Wuhan National Laboratory for Optoelectronics, Huazhong University of Science and Technology

dfeng@hust.edu

Main research interests include computer architecture, data storage system, network storage, et al

Tan Zhipeng

Ph.D., Associate Professor

School of Computer Science and Technology, Wuhan National Laboratory for Optoelectronics, Huazhong University of Science and Technology

zhipengtan@163.com

Main research interests include data storage technology, network storage, file system

Yingfei Zheng

MS. candidate

School of Computer Science and Technology, Wuhan National Laboratory for Optoelectronics, Huazhong University of Science and Technology
