Compact microstrip lowpass filter using meandered unequal T-shaped resonator with ultra-wide rejection band

Farzin Shama, Mohsen Hayati, Milad Ekhteraei

PII: S1434-8411(17)32651-1

DOI: <https://doi.org/10.1016/j.aeue.2017.12.038>

Reference: AEUE 52188

To appear in: *International Journal of Electronics and Communications*

Received Date: 10 November 2017

Accepted Date: 30 December 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
