This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Highlights

- The CiSCA (City Standards Conformity Assessment) is based on the novel 3C Meta-Standard Framework Architecture
- The CiSCA promotes standards uptake through education and training activities
- The CiSCA facilitates implementation of standards through evaluation of compliance using the 3C Meta-Standard as support.
