Mihai Varga is Computer Science diplomat engineer at University Politehnica of Bucharest, Faculty of Automatic Control and Computers, Computer Science Department. He works as an active member of Distributed Systems Laboratory having a research background in Cloud Systems, Big Data Platforms, especially in many-tasks scheduling, adaptive resource management, multi-criteria optimization, heterogeneous distributed computing. He is also oriented on communication protocols performance analysis.

Alina Petrescu-Nita received his Ph.D. in Mathematics at University of Bucharest, Mathematics Faculty in 2004. She received his MS in Applied Statistics and optimization in 1998 and BS in Mathematics in 1997, at the same University. She is Lecturer within the Mathematical Methods and Models Department, University Politehnica of Bucharest. Her research interests are in
