Zhiguo Wan is an associate professor in School of Computer Science and Technology, Shandong University, Jinan, China. His main research interests include security and privacy for big data, cryptocurrency, smart grid etc. He received his B.S. degree in computer science from Tsinghua University in 2002, and Ph.D. degree from School of Computing, National University of Singapore in 2007. He worked as a postdoc in Katholieke University of Leuven, Belgium from 2006-2008.

Wen-Tao Zhu is a research professor with State Key Laboratory of Information Security, Institute of Information Engineering, Chinese Academy of Sciences, Beijing. He received his Ph.D. degree in communication and information systems from University of Science and Technology of China, Hefei, in June 2004. He is a member of IEEE Computer Society, and is a senior member of China Institute of Communications. He is on the editorial board of Journal of Network and Computer Applications published by Elsevier. His research interests include network and information security as well as applied cryptography.

Guilin Wang received the Ph.D. degree in computer science from the Institute of Software, Chinese Academy of Sciences, Beijing, China, in 2001. He is currently a senior researcher with Huawei International Pte Ltd, Singapore. He is currently a Senior Lecturer with the School of
